**City Hall, Vancouver**  
**April 11, 2007**

**Mayor S. Sullivan and  
Members of Council**

It is my pleasure to submit the Consolidated Financial Statements for the City of Vancouver for the year ended December 31, 2006. These financial statements include the financial position and results of operations of the City including its boards and City-owned/controlled corporations.

**2006 Financial Highlights**

The City continued to maintain a strong financial position in 2006:

- Total assets increased to approximately \$10.0 billion, an increase of \$841.3 million (9.2%) with the major component being Capital Assets which amounted to \$9.1 billion.
- The cash position of the City, including temporary investments, amounted to \$702.3 million compared to \$791.5 million at the end of 2005. The decrease of \$89.2 million (11.2%) was mainly due to repayment of sinking fund debentures of \$100.0 million.
- Through tight fiscal control, the City was able to manage expenditures within the Operating Budget envelope ending the year with an excess of revenues over expenditures of \$1.8 million.
- Expenditures on capital works totaled \$169.3 million, compared to \$156.6 million in 2005, an 8.1% increase due to major project construction including #1 Kingsway civic complex, civic theatres renovations, 2<sup>nd</sup> Avenue Canada Line station and upgrades to Mountain View Cemetery.
- Total debt outstanding at December 31, 2006 was \$505.9 million (2005 - \$645.1 million), of which \$428.6 million was held externally; the balance of \$77.3 million was held by the Sinking Fund. Of this internally held debt, \$16.2 million is to be recovered from individual property owners through local improvement charges.
- Reserves set aside for specific purposes increased during 2006 by \$44.3 million to \$339.1 million. There were major increases in the reserves for Community Amenities of \$13.0 million, Plant and Equipment of \$7.3 million, Future Revenue Fund Budgets of \$13.5 million and Solid Waste Capital of \$5.1 million.
- \$2.0 million was set aside from operating surplus to establish a reserve for Stanley Park restoration.
- Funding of \$4.3 million was provided for future payroll benefit obligations. To date, total funding of \$21.5 million has been provided in reserves to meet increased employment related payments due to anticipated retirement of long term staff over the next 5 to 10 years.
- Solid waste landfill closure and post-closure costs increased by \$3.0 million in 2006 bringing the total liability to \$25.0 million (2005 - \$22.0 million). The Solid Waste Capital Reserve balance at December 31, 2006 amounted to \$67.7 million (2005 - \$62.6 million).
- Consolidated fund balance decreased by \$102.4 million reflecting the net result of revenues exceeding expenditures of \$4.8 million, debt repayment of \$139.1 million and transfers from reserves of \$31.0 million.

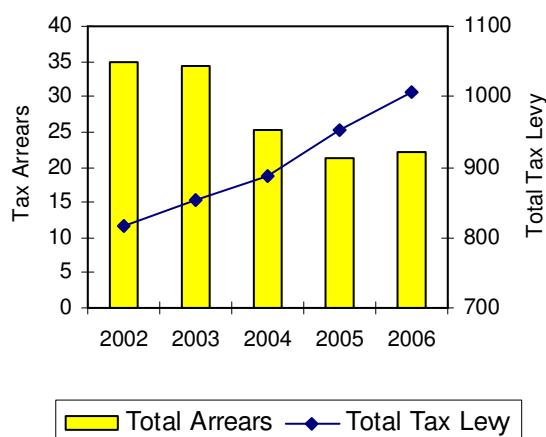

**Property Tax Receivable**

Property tax collection remained strong. As the chart shows, over the last five years, although tax levies have increased, the total tax arrears have declined from over \$35.1 million in 2002 to \$22.2 million in 2006. Tax arrears as a percentage of taxes levied for 2006 was 2.21% (2005 – 2.23%).

The collection of 2006 property taxes, including those amounts raised for other taxing authorities, amounted to \$994.6 million, or 98.6% of the total 2006 property taxes levied. During the year, the City also collected \$15.0 million (70.4%) of the \$21.3 million property tax in arrears at the beginning of 2006.

At year end, tax prepayments were \$35.6 million compared to \$31.6 million at the end of 2005, an increase of 12.7%.

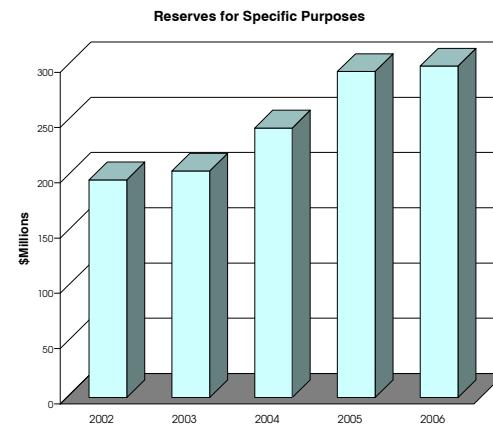

**Tax Levy and Arrears (\$Millions)**

**Reserves**

Under legislative or Council authority, the City has established a number of specific purpose reserves. At the end of 2006, these reserves totalled \$339.1 million, up \$44.3 million over 2005 or a 15.0% increase. The most significant changes were:

- The City received Community Amenity contributions from developers of \$13.0 million bringing the total reserve to \$44.1 million.
- The Solid Waste Capital Reserve increased by \$5.1 million to \$67.7 million as a result of net income from solid waste operations of \$3.4 million and interest of \$2.6 million less expenditure of \$1.2 million for automated garbage implementation. This reserve is being accumulated to fund closure and post-closure costs at the City's landfill.
- The Plant and Equipment Reserve which funds the long term equipment replacement plan increased by \$7.3 million to \$34.8 million. The reserve is funded by internal equipment charges provided in the Operating and Capital Budgets. The 2006 transfer to the reserve totalled \$18.7 million. Actual expenditures drawn on the reserve were \$11.3 million.
- A contribution of \$5.0 million from the Province of B.C. to assist in the review and development of a Cultural Precinct along Georgia Street.
- The \$4.2 million decrease in the Affordable Housing Reserves was due to the transfer of the Neighbourhood Demonstration Fund of \$3.5 million to unrestricted fund balance. Expenditures included capital grants to a number of non-market housing projects.
- The Olympic Village Trust Reserve earned interest of \$1.9 million bringing the year end balance to \$30.4 million.
- A reserve for Stanley Park restoration was established with a \$2 million contribution from 2006 operating surplus.
- Future Revenue Fund Budgets Reserve increased by \$13.5 million to provide funding for future payroll benefit obligations of \$4.3 million, potential tax appeals of \$4.7 million, EComm systems replacement of \$2.8 million, \$0.6 million for the next municipal election and \$0.6 million for future debt charges.
- Water and Sewer Rate Stabilization Reserves decreased by \$2.2 million as both utility operations expenditures exceeded revenues due to increased debt charges and cost of water purchases.
- The Parking Sites Reserve decreased by \$2.6 million to \$1 million due to 2 major additions (Chinatown Plaza and Yaletown Parkade), and the final costs for the Gastown Parkade offset by contributions for payment in lieu of parking.

**Revenue Fund**

The Revenue Fund accounts for the general operations for the City. Spending authority and control for the fund are provided by Council through the annual Operating Budget.

Revenues for the year totalled \$897.5 million and expenditures, debt repayments and transfers amounted to \$895.7 million, resulting in a net income \$1.8 million. The total fund balance of the Revenue Fund currently stands at \$12.3 million, compared to \$10.4 million in 2005.

Total operating revenues increased by \$47.3 million from 2005 mainly due to:

- An increase in net taxation revenue of \$25.2 million or 5.2% from \$482.3 million to \$507.5 million. City Council approved a 4.04% increase in the property tax levy in 2006 that generated \$23.0 million in tax revenues (including new construction).
- An increase in water utility user fees of \$1.6 million (2.4%) was due to a 7.5% Council approved rate increase to reflect rising regional water costs, partially offset by lower metered water consumption in the year.
- An increase in solid waste utility user fees of \$4.2 million (10.8%) due mainly to the higher volume of soil deposit material (from the Canada Line construction) and general waste tonnage received at the transfer station and landfill site.

## **REPORT OF THE DIRECTOR OF FINANCE**

---

- A decrease in sewer utility user fees of \$0.9 million (2.7%) mainly related to lower metered consumption.
- An increase in Provincial revenue sharing grants and contributions of \$1.0 million mainly attributable to additional gaming revenue from the Edgewater Casino which had its first full year of operations in 2006.
- An increase in other fees, rates and cost recoveries of \$11.4 million due primarily to a combination of:
  - increased revenues of \$1.2 million from the on-street parking program due to additional meters and rate increases
  - the introduction of the enhanced tax and utility billing and collection system which improved the tracking and collection of bylaw fines by \$1.3 million
  - increased revenue of \$3.7 million from building permits, development and inspection fees due to the high level of construction activity
  - an increase in Secondment Recoveries of \$1.9 million due to a higher number of police officers being assigned to other agencies
  - additional recovery from the Provincial Government of \$1.1 million due to the resumption of the Jail Operations by the Vancouver Police Department and
  - higher revenue of \$3.0 million from Park Board's operations due to the reopening of the Killarney Pool in 2006, greater revenue obtained from the various Park's facilities due to better weather enjoyed during the year and higher donations received from the public.
- An increase in investment income of \$4.8 million due to higher cash balances and higher interest rates.

Total operating expenditures amounted to \$761.3 million, an increase of \$32.6 million. This increase was primarily related to the wage and fringe benefit adjustments for employees which added approximately \$11.6 million to the 2006 expenditures.

Other major areas of change in expenditures were:

- The main increases for 2006 Police expenditures were \$3.7 million in salary and benefits associated with the additional police officers and civilian positions approved by Council for 2005 and 2006. Other increases include the resumption of the jail function by the Vancouver Police department of \$2.2 million, additional expenditures in the Criminal Investigation Fund of \$1.6 million due to the high number of high profile cases in 2006, higher fleet costs of \$0.9 million, and an increase in overtime costs of \$0.8 million, due primarily to overtime related to seconded officers (\$0.3 million) and higher statutory holiday costs (\$0.5 million). This was partially offset by lower legal fees of \$0.5 million.
- An increase of \$2.3 million in the cost of water charged by the Greater Vancouver Water District which increased rates by 7.5%.
- An increase of \$3.3 million in solid waste costs due to a higher amount of waste tonnage processed through the landfill resulting in higher disposal costs.
- A net increase of \$2.6 million for community services and planning projects such as the Homeless Action Plan, Animal Control Strategic Plan and Community Visions.
- An increase in Recreation and Parks costs of \$5.0 million due to \$1.4 million from the reopening of the Killarney Pool, \$0.8 million due to costs of new park facilities, \$0.4 million in additional debt interest and \$0.4 million for work on street trees due to late wind and snow storms in 2006.
- A \$0.7 million increase to Community and Cultural Services was primarily due to the annualized impact of extended library operating hours approved by Council in 2005 (\$0.5 million) and new library programs funded by donations and grants (\$0.2 million).
- Lower election costs in 2006 as a provision of \$0.5 million was made for the next election in 2008, compared to \$1.3 million cost of the 2005 election.

### ***Capital Fund***

The Capital Fund accounts for the City's capital expenditures and programs supporting civic infrastructure as well as the related financing. It also holds all properties required for civic use and the related long term debt. Spending authority and control are provided through the annual Capital Budget which in turn is guided by the Three Year Capital Plan approved by Council.

The Capital Fund balance decreased by \$77.0 million from 2005 resulting in a negative fund balance of \$25.0 million (2005 – fund balance \$52.0 million). The change is mainly due to:

- \$67.2 million in revenue including \$16.5 million from the Province of British Columbia for various projects including \$5.0 million for the downtown Cultural Precinct, \$18.8 million in community amenity contributions and development cost levies from developers, \$10.9 million in water and sewer connection fees and \$7.8 million from the sale of the Woodward's site.

## **REPORT OF THE DIRECTOR OF FINANCE**

---

- \$24.6 million net transfers from reserves and other funds, the most significant being the \$23.7 million transfer from Revenue Fund Operating Budget to fund capital projects.
- \$169.3 million capital expenditures which included:

	\$ Million
• Streets, traffic and safety Traffic calming plans, streetlights, signals, sidewalks, Burrard Street Bridge seismic upgrade	29.8
• Main sewer construction and sewer abatement projects Cambie & Heather, Upper Canoe Creek and Fraser basin	31.0
• Water works distribution system	20.9
• Vehicle and equipment purchases	12.8
• Parks, community centres, playing fields, ice rinks Sunset Community Centre replacement, contribution to Vancouver Aquarium Discovery Centre, Queen Elizabeth reservoir	24.9
• Construction and capital maintenance of City buildings and systems Civic Theatres upgrades, #1 Kingsway, Mountain View Cemetery	18.1
• Technology infrastructure Tax and utility billing and collection system, software and hardware upgrades	6.6
• Automated garbage containers	6.6
• Daycare, social housing and community services facilities Neighbourhood houses	2.8

In November 2005, the electorate approved borrowing authority of \$170.6 million to finance the maintenance and replacement of existing and construction of new streets, parks and facilities infrastructure as part of the 2006-2008 Capital Plan. Council has also indicated it will approve an additional \$129.3 million in borrowing authority for sewer and water capital expenditures to complete that plan. At year end, Council had allocated \$44.8 million of general plebiscite borrowing authority and \$43.1 million of sewer and water borrowing authority in the Capital Budget, however, none of this borrowing authority had been exercised by issuance of debentures. These new borrowing authorities are in addition to approximately \$19.5 million of general borrowing authority remaining from the 2003-2005 Capital Plan.

### ***Capital Financing Fund***

The Capital Financing Fund (CFF) provides funds for the internal financing of capital projects and at year end the total amount advanced to the Capital Fund was \$64.1 million. The interim financing will be repaid with interest from future operating savings or additional fees and service charges without impacting on the existing property taxation levels provided in the Operating Budget.

The CFF holds the City's Solid Waste Capital Reserve which accumulates funds to meet closure and post closure costs at the City's landfill site. At year end, the balance of the reserve was \$67.7 million. The present liability is calculated based on the ratio of utilization to the total capacity of the landfill site and the discounted value of future estimated cash flows associated with closure and post-closure activities. At year end, the liability amounted to \$25.0 million, with the remaining capacity of 18.4 million tonnes (55.8% of total capacity) to be utilized by 2042.

### ***Sinking Fund***

The Sinking Fund holds the accumulation of annual principal instalments collected through tax levies, together with interest earned to provide for the retirement of principal at maturity. As at December 31, 2006, the Sinking Fund reserve for debt retirement was \$132.9 million.

The Sinking Fund held \$77.2 million of City of Vancouver debentures at year end as investments. \$40.3 million of the reserve for debt retirement relates to internally held debt, with the remaining \$92.6 million reserve set aside for externally held debt.

***Property Endowment Fund***

The Property Endowment Fund (PEF) accounts for real estate properties not required for civic purposes including non-market housing sites, other residential and commercial properties and parking garages. These properties are generally managed on a commercial basis generating income to benefit current and future citizens.

The PEF had a negative fund balance at year end of \$8.9 million, a decrease of \$44.4 million from 2005 due mainly to significant capital expenditures. Net revenues from parking and property lease and rentals amounted to \$14.1 million.

In 2006, PEF capital expenditures amounted to \$59.6 million compared to \$64.8 million in 2005. Of this amount, \$29.0 million was spent on the preparation of the Southeast False Creek redevelopment project including soil remediation, utility installation and road construction. \$19.1 million was spent to acquire 2 parkades (Chinatown \$11.0 million and Yaletown \$4.2 million) and \$3.9 million to complete the Gastown parkade improvements. Two properties for non-market housing were purchased for \$4.1 million and a further \$5.1 million was spent on the construction of market rental housing in the #1 Kingsway civic complex.

On an annual basis, \$7.0 million of the net revenue from operations is transferred to the Revenue Fund to support general operations. The PEF also funded \$2.4 million of administrative expenses in the Operating Budget.

***Future Accounting and Reporting Changes***

Public Sector Accounting Board (PSAB) has developed new standards which will have an impact on the City's financial statements in the upcoming 2 years. They include:

1. Accounting and reporting of capital assets: These PSAB recommendations were approved in June 2006 for implementation in 2009 and require the following:
  - Land to be reported at historical cost (instead of the City's current practice of using BC Assessment values)
  - Depreciable capital assets to be reported at amortized historical cost
  - Depreciation of capital assets to be reported on the statement of operations.

The new standards will result in significant changes in financial statement presentation.

Staff have taken steps to adopt these recommendations including the implementation of the Infrastructure Management System in 2007 which will assist City departments with inventorying and valuing public works, facilities and parks assets. Information from this project along with other existing asset systems will be taken by staff to determine the revised asset values that will be presented on the City's financial statements.

Commencing with 2007 financial statements, the City is required to disclose information on the progress in implementing the accounting and reporting standards for tangible capital assets.

2. Segment Disclosures: This new financial reporting standard will require reporting of revenues and expenses by segment or function and will be in effect for 2008.

***Conclusion***

The City of Vancouver has continued to maintain a strong financial position going into 2007. The financial strength of the City reflects the careful attention to prudent financial management provided by Council and staff.

Respectfully submitted,

Estelle Lo  
Director of Finance

## **AUDITORS' REPORT TO THE MAYOR AND COUNCILLORS OF THE CITY OF VANCOUVER**

We have audited the consolidated statement of financial position of the City of Vancouver (the "City") as at December 31, 2006 and the consolidated statements of financial activities and cash flows for the year then ended. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the City as at December 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Vancouver Charter, we report that, in our opinion, these principles have been applied, to the consolidated financial statements, on a basis consistent with that of the preceding year.

**1. SIGNIFICANT ACCOUNTING POLICIES**

**(a) Basis of Presentation**

The consolidated financial statements of the City have been prepared, in all material respects, in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants (CICA).

**(b) Reporting Entity**

The consolidated financial statements reflect the assets, liabilities, revenue, expenditures, and changes in fund balances of all funds of the reporting entity. The reporting entity is comprised of all the organizations that are accountable for the administration of their financial affairs and resources to Council and that are owned or controlled by the City. Inter-fund and inter-corporate balances and transactions have been eliminated. The entities included are as follows:

Outside Boards

Parks & Recreation	Vancouver Police
Vancouver Public Library	Vancouver Civic Theatres

Owned/Controlled Entities

Hastings Institute Inc.	Vancouver Civic Development Corporation
Harbour Park Development Ltd.	City of Vancouver Public Housing Corporation
Parking Corporation of Vancouver	Pacific National Exhibition

Also included in these statements are certain assets owned by the City that are managed by the following organizations:

Vancouver Art Gallery Society	H.R. MacMillan Space Centre
Vancouver Museum	Vancouver Maritime Museum

**(c) Fund Accounting**

The resources and operations of the City are comprised of the funds listed below. Supporting schedules to the consolidated financial statements are included to show the financial activities and balance of each fund.

**Capital**

Accounts for capital expenditures supporting civic infrastructure and holds all properties required for civic use and the related long term debt.

**Revenue**

Accounts for revenue and expenditures for the general operations of the City including sewer, solid waste and water utilities.

**Property Endowment**

Accounts for properties not required for civic use which are leased to third parties, or held for, or are being developed for resale or lease.

**Sinking**

Accounts for the accumulation of instalments generated from tax levies in accordance with the actuarial requirements for the retirement of sinking fund debt at maturity.

**Capital Financing**

Accounts for funds designated for the financing of capital works, for the acquisition of the City's debentures and for funds set aside for the City's solid waste disposal program.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2006**

---

**1. SIGNIFICANT ACCOUNTING POLICIES - continued**

**(d) Basis of Accounting**

- (i) Revenue is recorded in the period in which the transactions or events that gave rise to the revenue occur. Amounts that have been received in advance of services being rendered are recorded as deferred revenue until the City discharges the obligations that led to the collection of funds.
- (ii) Expenditures are recorded in the period in which the goods or services are acquired and a liability is incurred.
- (iii) Inventory of supplies and materials are valued at cost with allowances made for obsolete stock. Cost is determined on a moving average basis.
- (iv) The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of revenue and expenditures during the reporting period. Actual results will depend on future economic events and could differ from the estimates. Adjustments, if any, will be reflected in the period of settlement or upon a change in the estimate.

**(e) Capital Assets**

**(i) Capital Fund (for civic use)**

Capital assets purchased or constructed and work-in-progress are reported as capital expenditures in the period the expenditures are incurred. Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the related capital costs.

Capital assets are recorded in the Capital Fund on the following basis:

Land - At 'actual' value for assessment purposes as determined annually by the B.C. Assessment Authority. Crown land properties beneficially owned by the City are recorded at assessed value.

Waterworks and engineering assets – At cost less accumulated depreciation. Depreciation is provided at varying rates determined by the City Engineer and is reflected as a reduction in the City's equity in capital assets.

Buildings - at cost.

Plant and equipment - at cost.

Artworks and artifacts - at estimated and/or insured values.

**(ii) Property Endowment Fund (for sale or lease)**

Capital assets are recorded in the Property Endowment Fund on the following basis:

Land - At 'actual' value for assessment purposes as determined annually by the B.C. Assessment Authority. The development costs incurred are charged against equity to reflect their contribution to the increases in the 'actual' value of land.

Buildings - At cost less accumulated depreciation of \$47.6 million (2005 - \$42.1 million). Depreciation is charged against Equity in Capital Assets on a 5% straight-line basis on the buildings on parking sites, and on a 5% declining balance basis on leased buildings.

Equipment - At cost less accumulated depreciation of \$3.8 million (2005 - \$3.1 million). Depreciation is calculated on a 30% declining balance basis and is charged to Equity in Capital Assets.

Property subject to sale option - At option price. The land parcel is subject to purchase by the lessee at a minimum value of \$8.4 million (with an expiry date of January 31, 2015).

**(f) Reserves for Future Expenditures**

Reserves are established at the discretion of Council to set aside funds for future operating and capital expenditures. Transfers to and from reserves are reflected as an adjustment to the respective fund.

**(g) Comparative Figures**

Certain of the 2005 figures have been reclassified to conform to current year presentation.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2006**

---

**2. CASH AND TEMPORARY INVESTMENTS**

Cash includes short-term investments with maturity dates within 90 days of acquisition. Temporary investments are comprised of money market instruments, term deposits, bankers acceptances and federal and provincial bonds with maturity dates greater than 90 days after acquisition. Investments are recorded at cost, adjusted for amortization of premiums or discounts.

	2006	2005

**6. LONG TERM DEBT**

Debenture debt is shown at its face amount. The City does not carry debt issued by other organizations.

Maturing In	General *	Local Improvements	Total
2007	\$ 39,045	\$ 2,278	\$ 41,323
2008	30,220	2,083	32,303
2009	171,538	1,869	173,407
2010	34,005	1,675	35,680
2011	114,504	1,511	116,015
Thereafter	100,358	6,772	107,130
Total	489,670	16,188	505,858
Internally held	(61,039)	(16,188)	(77,227)
Net external debt	<u>\$ 428,631</u>	<u>\$ -</u>	<u>\$ 428,631</u>

\* General including Waterworks

The rates of interest payable on the principal amount of the debentures range from 3.6% to 9.5% per annum. The weighted average interest rate on total debt to maturity is 4.85%. Total interest paid in 2006 on externally held debt amounted to \$30.1 million (2005 - \$26.8 million). All debentures are payable in Canadian funds.

Reserve for debt retirement at December 31, 2006 amounted to \$92.6 million (2005 - \$167.9 million).

**7. RESERVES**

These amounts are set aside by Council resolution for specific purposes:

	<u>\$ 234,692</u>	<u>\$ (102,452)</u>	<u>\$ 132,240</u>

**9. OBLIGATIONS TO BE FUNDED FROM FUTURE REVENUE**

The following amounts are included in Accounts payable and accrued liabilities:

	2006	2005
Deferred payroll costs	\$ 77,270	\$ 71,692
Accrued interest on long term debt	5,477	13,079
Landfill closure and post-closure	<u>24,966</u>	<u>22,047</u>
	<u>\$ 107,713</u>	<u>\$ 106,818</u>

**(a) Deferred Payroll Costs**

Employees are entitled to earned benefits related to non-vested accumulating sick leave, sick leave gratuity and full vacation entitlement at retirement. Employees may also defer current vacation entitlements. The liability and expense for these post-employment benefits and compensated absences is recognized in the financial statements in the period in which employees render services and on the basis that the benefits are expected to be provided when the employees are no longer providing active service.

As well, certain employees are entitled to income continuation benefits under long term disability plans. The City recognizes a liability and expense for these post-employment benefits in the period when the event occurs that obligates the City to provide the benefit.

The liabilities reported in 2006 are based on an actuarial valuation as at December 31, 2003 using the following valuation assumptions:

	2006	2005
Discount rate	4.70%	4.35%
Inflation rate	2.00%	2.00%
Rate of compensation increase	3.08% to 5.00%	3.08% to 5.00%

Employee benefit liabilities as at December 31 are as follows:

	2006	2005
Sick leave gratuity	\$ 21,231	\$ 20,547
Deferred vacation	12,601	11,815
Non-vested accumulating sick leave	23,011	22,195
Long term disability	9,884	8,937
Other post-employment benefits	<u>12,852</u>	<u>12,471</u>
	<u>79,579</u>	<u>75,965</u>
Unamortized actuarial gain (loss)	(2,309)	(4,273)
	<u>\$ 77,270</u>	<u>\$ 71,692</u>

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2006**

---

**9. OBLIGATIONS TO BE FUNDED FROM FUTURE REVENUE - continued**

**(a) Deferred Payroll Costs - continued**

The continuity of the City's employee benefit liabilities are as follows:

	<u>2006</u>	<u>2005</u>
Beginning of year	\$ 71,692	\$ 68,883
Current service cost	9,029	6,156
Interest cost	3,427	3,503
Amortization of actuarial gain	356	(10)
Actual benefits paid	(7,234)	(6,840)
End of year	\$ 77,270	\$ 71,692

The City manages the payment of these future payroll obligations as they come due in the current Operating Budget. The City has also provided funding of \$21.5 million (\$17.1 million in 2005) in a reserve.

**(b) Landfill Closure and Post-Closure Costs**

The City has agreed with the Ministry of Environment Lands and Parks to assume certain obligations in order to obtain the Operating Certificate for its landfill site. Those obligations include closure and post-closure liability. The present value of the City's estimated future liability for these expenditures is recognized as the landfill site's capacity is used and the reported liability of \$25.0 million (2005 - \$22.0 million) represents the portion of the estimated total expenditure recognized as at December 31, 2006. This liability and annual expenditure is calculated based on the ratio of utilization to total capacity of the site and the discounted estimated future cash flows associated with closure and post-closure activities. The discount rate used in 2006 was 4.70% compared to 4.35% in 2005.

The reported liability is based on estimates and assumptions with respect to events extending over the remaining life of the landfill. The landfill site is expected to reach its capacity in 2042 and at year end the estimate of the remaining capacity is 18.4 million tonnes, which is 55.8% of the site's total capacity. At December 31, 2006, the discounted future cash flows for closure and post-closure cost is estimated at \$64.7 million.

In accordance with an agreement between the City and the Greater Vancouver Sewerage and Drainage District, the City is responsible for 87% of the overall liability for closure and post-closure costs. The City has provided a reserve to fund future landfill capital expenditure and waste diversion programs with a balance as at December 31, 2006 of \$67.7 million (2005 - \$62.6 million).

**10. CONTINGENCIES AND COMMITMENTS**

**(a) Contingent Liability and Commitment**

The City is contingently liable in respect of debentures of the Greater Vancouver Water District, the Greater Vancouver Sewerage and Drainage District and the Greater Vancouver Regional District.

The City is a shareholder and member of EComm, whose services include: regional 911 call centre for the Greater Vancouver Regional District, Wide Area Radio emergency communications network, dispatch operations and records management. The City holds 2 Class A shares (of a total 23 Class A and 25 Class B shared issued and outstanding at December 31, 2006). As a Class A shareholder, the City is committed to paying levies for services received under a cost-sharing formula to fund operating and capital costs of the EComm operations. In addition, the City is contingently liable to cover its proportionate share of such costs should any member be unable to fulfill its funding obligations. Annual levy amounts fluctuate based on various factors under the cost-sharing formula, and amounted to \$16.4 million during the year (2005 - \$16.4 million).

**(b) Collection of Taxes on Behalf of Other Taxing Authorities**

The City is obligated to collect and transmit the tax levies of the following bodies. Such levies are not included in the revenue of the City.

Provincial Government – Schools  
 Greater Vancouver Regional District  
 Greater Vancouver Transportation Authority

British Columbia Assessment Authority  
 Municipal Finance Authority

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2006**

---

**10. CONTINGENCIES AND COMMITMENTS - Continued**

**(c) Municipal Pension Plan**

The City and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusted pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of the Plan. The Plan is a multi-employer contributory defined benefit pension plan with about 130,000 active members and approximately 48,000 retired members. Active members include approximately 30,000 contributors from local governments.

Every three years an actuarial valuation is performed to assess the financial position of the Plan and the adequacy of plan funding. The valuation as at December 31, 2003 indicated an unfunded liability of \$789 million. The most recent valuation was performed as at December 31, 2006 with results available later in 2007. The actuary does not attribute portions of the surplus to individual employers. The City paid \$40.5 million during 2006 (2005 - \$36.1 million) for employer contributions to the Plan. Employee contributions during 2006 amounted to \$31.0 million (2005 - \$28.1 million).

**(d) Contingent Legal Liabilities**

As at December 31, 2006, there were various legal claims pending against the City arising in the ordinary course of its operations. The City has made provision for certain uninsured claims in its self-insurance liability reserve, but has made no specific provision for those where the outcome is presently indeterminable.

**(e) Property Assessment Appeals**

As at December 31, 2006, there were various assessment appeals pending with respect to properties. The outcome of those appeals may result in adjustments to property taxes receivable for the current and prior years. The City makes an annual provision against property taxes receivable for the impact of appeals including specific provision where the results of an appeal are reasonably determinable, and general provision for those where the outcome is presently indeterminable.

**(f) Mortgage and Lease Agreements**

Principal payments on mortgages over the next 5 years and thereafter are as follows:

2007	\$	3,561
2008		9,452
2009		2,819
2010		2,667
2011		3,547
Thereafter		44,877
	\$	66,923

Outstanding mortgages include:

- \$10.1 million (2005 - \$10.5 million) in mortgages payable to Canada Mortgage and Housing Corporation for 5 non-market housing projects. Interest rates range from 4.24 % to 8.0% with maturity dates from June 1, 2008 to December 1, 2027.
- \$51.1 million on the Library Square Project due on January 14, 2021. Interest at 9.875% per annum is compounded semi-annually with monthly repayments of principal and interest. The mortgage is secured by a first charge on the land and any proceeds from the sale of the land on which the office building is situated, the office building and any improvements to it including machinery, plant and equipment, and any proceeds on the lease of the office building.

The City has executed a 25-year lease of the Library Square office building with the Federal Government which commenced April 30, 1995. Annual lease payments of \$6.7 million will fully offset mortgage principal and interest payments. The lease provides options to purchase the office building at the end of the 10th and 20th years and at the end of the lease term. The balance of the lease receivable is \$49.8 million (2005 - \$51.6 million).

During the year, the City executed a \$6.4 million no-interest take-back mortgage on the sale of the former Woodward's site to a developer. The terms provide for discharge and forgiveness of the mortgage upon the developer's conveyance to the City of an air space parcel by January 1, 2010.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (000's) CONTINUED**  
**Year Ended December 31, 2006**

---

**10. CONTINGENCIES AND COMMITMENTS - Continued**

**(g) Loan Guarantee**

The City has guaranteed a \$12.0 million line of credit for the Pacific National Exhibition effective January 1, 2007 for a period of one year.

**(h) Property Acquisition**

On March 9, 2005, Council approved a 4-year agreement for the City to act as a backup to a property acquisition. The agreement commits the City to purchase the property from the original purchaser at the original purchase price of \$24.5 million plus up to \$5.0 million for site development and remediation costs, if for any reason the original purchaser is unable to proceed with their proposed development.

**(i) 2nd Avenue RAV Station**

The City has entered into an agreement with RAVCO for the design and construction of the 2nd Avenue RAV station for \$28.9 million. The City received a contribution of \$7.8 million from the Province of British Columbia toward this project. Payments totalling \$8.0 million have been made to date with future payments due as follows: 2007 - \$13.8 million and 2008 - \$7.1 million.

**11. TRUST FUNDS**

Certain assets have been conveyed or assigned to the City to be administered as directed by agreement or statute. The City holds the assets for the benefit of, and stands in fiduciary relationship to, the beneficiary. The following trust funds and assets are excluded from the City's financial statements:

	2006	2005
Vancouver Agreement	\$ 9,183	\$ 7,713
Cemetery Perpetual Care	3,097	3,125
Atrium	308	296
General	319	327
	<hr/> <u>\$ 12,907</u>	<hr/> <u>\$ 11,461</u>

The Vancouver Agreement is an urban development agreement between the Governments of Canada, British Columbia and the City to facilitate sustainable economic, social and community development in the City.

**12. EXPENDITURES BY OBJECT**

	2006	2005
Wages, salaries and benefits	\$ 545,479	\$ 518,618
Contract services	129,278	87,917
Supplies, material and equipment	355,684	378,722
Debt charges	30,067	26,813
	<hr/> <u>\$ 1,060,508</u>	<hr/> <u>\$ 1,012,070</u>

## **AUDITORS' REPORT TO THE MAYOR AND COUNCILLORS OF THE CITY OF VANCOUVER**

We have audited and reported separately herein on the consolidated financial statements of the City of Vancouver as at and for the year ended December 31, 2006.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements of the City taken as a whole. The current year's supplementary information included in the following Schedules of Financial Activities of the Revenue Fund, Capital Fund, Capital Financing Fund, Sinking Fund, Property Endowment Fund and Utilities is presented for the purposes of additional analysis and is not a required part of the consolidated financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.
